#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Lifting Up Westchester, Inc.

## **Opinion**

We have audited the accompanying financial statements of Lifting Up Westchester, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lifting Up Westchester, Inc. as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lifting Up Westchester, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lifting Up Westchester, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether
  due to fraud or error, and design and perform audit procedures responsive to those risks.
   Such procedures include examining, on a test basis, evidence regarding the amounts and
  disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of
  expressing an opinion on the effectiveness of Lifting Up Westchester, Inc.'s internal control.
  Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lifting Up Westchester, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to the Financial Statements December 31, 2021 and 2020

#### **NOTE 1 - ORGANIZATION AND PURPOSE**

Lifting Up Westchester assists those struggling to overcome the challenges of poverty, homelessness, and hunger. The agency works with men, women, and children as they create their own unique path to a more fulfilling, healthy, and independent life. Striving to never turn anyone away, they enlist the generosity of a caring community through donations and volunteerism.

#### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

# **Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

#### **Basis of Presentation**

The Organization reports information regarding its financial position and activities according to two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions. The governing board has designated, from net assets without donor restrictions, net assets for a special reserve and an operating reserve. Net assets with donor restrictions are subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, such as those that the donor stipulates be maintained in perpetuity.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions.

It is the policy of The Organization to account for donor restricted funds, which are received and expended in the same year as unrestricted.

# **Cash Equivalents**

For purposes of the Statement of Cash Flows, The Agency considers all cash and other highly liquid investments with an initial maturity of three months or less to be cash equivalents.

### **Promise to Give**

Unconditional promises to give are recognized as contribution revenue in the period received as assets, decreases of liabilities or expenses depending on the form of the benefits received. Promises to give are recorded at net realizable value if expected to be collected in one year and at fair value if expected to be collected in more than one year. Conditional promises to give are recognized when the conditions on which they depend are substantially met. All current promises to give are short term and undiscounted.

#### **Allowance Method for Accounts Receivable**

The Agency uses the allowance method for recording bad debt expense relating to their accounts receivable. The expense is computed based on a historical percentage of uncollected receivables. Actual write-offs are then applied to the allowance account. During 2021 and 2020, bad debt expense was \$61,966 and \$408,000 respectively, related to discontinued operations.

Notes to the Financial Statements December 31, 2021 and 2020

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- Continued

#### Investments

Investments are recorded at fair value. Net appreciation or depreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments, is recognized in the statement of activities. Realized gains and losses on the sale of investments are generally determined on the specific identification method on the trade date.

The fair value of debt and equity securities with readily determinable fair values are generally based on quoted market prices obtained from active markets.

#### **Fair Value Measurements**

The fair value of the Agency's financial instruments approximate the carrying amounts reported in the statement of financial position for cash and cash equivalents, accounts receivable, short term investments and accounts payable and accrued expenses.

Fair value represents the price that would be received upon the sale of an asset or paid upon the transfer a liability in an orderly transaction between market participants as of the measurement date. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels as follows:

- Level I inputs Quoted prices (unadjusted) in active markets of identical assets or liabilities that the
  organization has the ability to access at the measurement date. Quoted market prices in an active
  market provide the most reliable evidence of fair value and should be used to measure fair value
  whenever available.
- Level II inputs Inputs other than quoted prices included within Level I that are observable for the asset or liability, either directly or indirectly (such as quoted prices for similar assets or liabilities in active markets).
- Level III inputs Are unobservable inputs when observable inputs are not available. Unobservable inputs should be developed based on the best information available.

#### **Support and Revenue**

The Agency received 49% of its total support and revenue from federal, state, and local government agencies including but not limited to the federal Department of Housing and Urban Development, New York State Departments of Community Mental Health and Office for People with Developmental Disabilities, and the Westchester County Departments of Social Services and Community Mental Health. Support received from those grants and contracts is recognized when the services are provided and are subject to audit by the providing agency.

The Agency received 35% of its total support and revenue primarily from program service fees related to the Neighbors Program. Exchange revenue is recognized when earned.

The Agency received 16% of its total support and revenue primarily from fund raising and other revenue.

Notes to the Financial Statements December 31, 2021 and 2020

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES- Continued

#### **Deferred Revenue**

Payments under cost-reimbursable contracts received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively. Total deferred revenue as of December 31, 2021 and 2020 was \$14,557 and \$22,108, respectively.

#### **Estimates**

Management used estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

#### **Functional Allocation of Expenses**

The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Activities. The Statement of Functional Expenses also presents the natural classification of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The expenses that are allocated include depreciation, operations and maintenance of buildings are allocated based on square footage, costs of all other categories were allocated on estimates of time and effort.

#### **Income Taxes**

The Agency is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Organization's tax-exempt purpose maybe subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deductions under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

The Agency recognizes the tax benefit associated with tax positions taken for tax return purposes when it is more likely than not the position will be sustained upon examination by a taxing authority. The Agency does not believe they have taken any material uncertain tax positions and, accordingly they have not recorded any liability for unrecognized tax benefits.

#### NOTE 9 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

Generally accepted accounting principles provide a framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

At December 31, 2021 and 2020, the Organization's investments consisted of publicly traded securities totaling \$1,090,414 and \$976,256. Investments are reported at fair value using a Level 1 measure as summarized below:

## NOTE 17 - CORONAVIRUS, AID, RELIEF AND ECONOMIC SECURITY ACT (CARES Act)

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a pandemic. The Governor of New York State subsequently closed all non-essential businesses and instituted rules for social distancing. The COVID-19 pandemic had significant impact on all of LUW's operations. As most of LUW programs qualified as essential services, LUW remained fully operational throughout the pandemic, but LUW's residential programs had to be reconfigured to allow for take-away or delivery of meals on a much larger scale, and the administrative staff were enabled to work remotely. LUW's home care program was particularly heavily impacted with a significant drop in program revenue as elderly patients were hospitalized with COVID or simply chose not to have personnel in their homes. Lifting Up Westchester was able to offset the financial impact of these challenges through a significant increase in donations to assist with pandemic relief efforts and the receipt of Payroll Protection Program funds to offset payroll costs particularly in the home care program.

On April 17, 2020, the Agency received loan proceeds of \$1,471,643 under the Paycheck Protection Program ("PPP"). The PPP was established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"). The PPP provided loans to qualifying businesses for amounts up to 2.5 times certain average monthly payroll expenses and other qualifying business expenses. The Agency applied for and received forgiveness of the full loan amount on November 27, 2020.

Notes to the Financial Statements December 31, 2021 and 2020

#### NOTE 17 - CORONAVIRUS, AID, RELIEF AND ECONOMIC SECURITY ACT (CARES Act)- Continued

In March 2021, The Agency also received \$142,355, from Medicaid as relief payments to home care providers based on demonstrated loss of revenue due to COVID. This is recorded as accounts receivable and grant revenue as of December 31, 2020.

# **NOTE 18-LIQUIDITY AND FUNDS AVAILABLE**

The following table reflects Lifting Up Westchester Inc.'s financial assets as of December 31, 2021, reduced by amounts not available for general expenditure within one year. Financial assets are considered unavailable when illiquid or not convertible to cash within one year, assets held for others, perpetual endowments, or because the Board has set aside the funds for specific reserve or long-term investments as Board designated. The Board designations could be drawn upon if the Board approves that action.

In the event of unanticipated liquidity need, Lifting Up Westchester Inc. has a Board designated operating reserve of \$844,988 as well as a \$1,000,000 line of credit as described in Note 14.

#### **NOTE 19- NEIGHBORS PROGRAM**

Lifting Up Westchester Inc. initiated its home care program over thirty years ago when there were few providers of quality, affordable home care for low-income seniors. There are now a significant number of such providers serving Westchester and as the industry is experiencing significant consolidation due to changes in the reimbursement and regulatory environment, Lifting Up Westchester Inc. no longer believes maintaining its small program is in the best interests of its mission, clients, or employees. As a result, it applied to the NYS Department of Health for approval to transfer its operations to Always Compassionate Home Care, a larger, well-established provider of home care services in the state of NY. In connection with that application, Always Compassionate Home Care assumed operational management of the Company's home care program effective April 12, 2021 and a full legal transfer of the program is expected by the middle of 2022. The 2021 financials show an approximately \$3,000,000 reduction in both revenue and expenses as a result of the transfer of the home care program contracts and patients to Always Compassionate throughout the year.

Notes to the Financial Statements December 31, 2021 and 2020

## **NOTE 20- SUBSEQUENT EVENTS**

Lifting Up Westchester continues to comply with CDC and state guidelines relating to its operations. The impact of COVID on its 2022 financials is as yet unknown. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The home care program revenue and expenses in 2022 are expected to be de minimis resulting in a revised annual budget of approximately \$8.5 million

The Agency evaluated subsequent events through April 19, 2022, the date the financial statements are available to be issued.
